TAKE NOTICE We have the only mil or suplete abstracts of menths or a year, with 10 per cent. title to real estate in sed, wick county.

The counties of Sedgwick, Sumner, Cowley and Butler comprise an area of the best agricultural land west of the Mississippi valley. The Arkausas runs diagonally through the several counties named, forming of itself an extensive valley ranging from seven to twelve miles in width. Other streams of less mafinitude, such as the Little Arkansas, Nenescab, Walnut and Whitewater rivers, Slate, Bluff, Spring, Gypsum, Chisholm and Coowskin creeks, diversify the country with fertile valleys. The soil of the valley and uplands is a rich sandy loam, several feet in depth. Vegetaction of all kinds is unsurpassed. Climate temperate, equable and healthy. Thousands of acres of land are open to settlement under the pre-emption laws for the sale of the Osage Indian lands. Immigration is pouring in rapidly. STEELE & SMITH,
